

INTENT:

"Every musician remembers their first lesson...that moment when you're handed the key to an alternate universe where everything is beautiful, everything is free, and nothing will ever be quite the same again For some, the first day of the rest of their lives"

Dave Grohl

Studying music at The King's intends to inspire, provide motivation and nurture passion for all students to help them develop their musicianship and transferable skills further, studying music shows a real drive and determination to improve ourselves, not only as musicians but also humans.

We aim to provide students with both the tools, the confidence, and the rich opportunities to follow their love of music by broadening their musical experiences and developing their imagination and creativity through listening, composing and performing. We pride ourselves on our strong moral purpose to prepare students not only for the classroom, but for life beyond – offering opportunity after opportunity to explore the diverse world of music. By sharing both our passion and experience in music, we will hopefully help ignite a love for all things music related.

It has been scientifically proven that playing an instrument or singing releases endorphins which promote well-being. As such, we harness this as a department to support students on their creative, happy and successful journey through school.

Half term points						
7	AUTUMN 1	AUTUMN 2	SPRING 1	SPRING 2	SUMMER 1	SUMMER 2
	Unit 1: I've got rhythm 	Unit 2: I'm a composer get me out of here! 	Unit 3: Let's play and compose 	Unit 4: Instruments of the orchestra 	Unit 5: Samba time 	Unit 6: Summer Project 
	Learning includes: <ul style="list-style-type: none"> To introduce students to pulse, rhythm and basic notation through listening exercises and performance skills using percussion. Students will learn how to write rhythmic compositions. Students will perform own compositions. 	Learning includes: <ul style="list-style-type: none"> To learn the elements of music tonality, texture, timbre, structure, rhythm & metre etc To understand how music creates an emotional response in film To understand how music technology is used to create music Learn how to successfully use GarageBand and midi keyboards to compose. 	Learning includes: <ul style="list-style-type: none"> Learn how to play the keyboard, using the correct fingering technique & single fingered chords To understand pitch and notation learn the treble clef and notes on the staff Reinforce learning outcomes from unit 1 on time signatures, pulse, duration and rhythm and to develop sight reading skills learn the c major scale and its functions. 	Learning includes: <ul style="list-style-type: none"> Students will understand and be able to identify the instruments of the orchestra Students will understand how certain instruments can create different certain effects combined with musical elements and instrumental techniques Students will develop an understanding of thematic writing and see how this implemented in Prokofiev's Peter & the Wolf. 	Learning includes: <ul style="list-style-type: none"> Students will understand and be able to identify the instruments used in the Brazilian samba They will learn the different performance techniques to play each instrument recap skills such as pulse, rhythm, notation, ostinato, cyclic patterns and cross-rhythms Learn the LAZY SAMBA develop improvisational and performance skills.
