Accessing GCSEPOD

Type in www.gcsepod.com
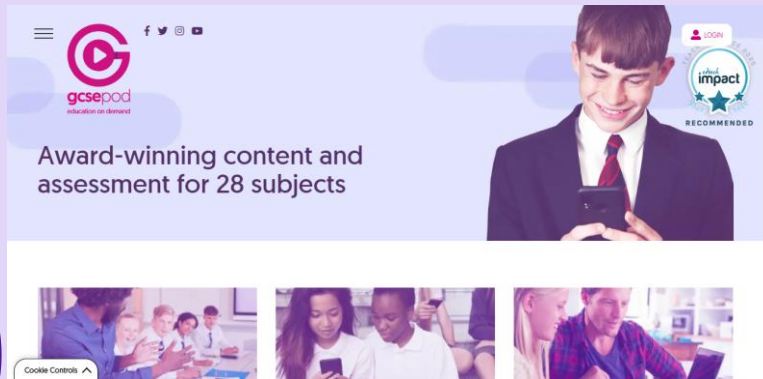

Click on Login (top right corner).

Everyone at the school has a GCSEPOD account so you should all be able to login following this guide. Any problems please email your teacher.

From this screen you can then set your password and subjects etc.
In order to get onto the playlist needed you will need to use the link from the homework task or check in your assignments tab on GCSEPod (down the left-hand side of the screen).

If you have used GCSEPOD before sign in with your usual user name and password. It you have forgotten then email your teacher to ask them to reset your password.
If you haven't used GCSEPOD before click on the blue section 'New to GCSEPod? Get Started'.

This page will come up and you need to click on the 'Student' option.

This takes you to a page where you type in your details. Make sure you put in the correct date of birth and as you type in the school name it will pop up with your school, stop typing and click on the school name.
